

TRAINS ALMOST WRECKED BY "HERO" AFTER REWARD
UNIONTOWN, Pa., Nov. 17.—Railroad detectives believe the safety of passengers is threatened by reward-seekers, who several times have placed obstructions on tracks on which fast passenger trains were due. So far these obstructions have been removed in time to prevent a smashup.

Railroad detectives have information that the "fish plate," placed on the Pennsylvania railroad tracks near Dunbar, and discovered a few minutes before train time by a trackwalker, was to have been the center of a thrilling flag-waving rescue.

WHY WEAK NERVES AND THIN BLOOD

CAUSE SUCH GREAT PHYSICAL WEAKNESS AND MAKE ONE EASY PREY TO A MULTITUDE OF DANGEROUS DISEASES.

Every human being is born with a certain quantity of "nerve force"—some with more than others.

Your body normally makes or generates nerve force only about so fast, and if through overwork, worry, constant nervous strain or other excesses, you use up your nerve force faster than your body makes new nerve force, then your nerve power becomes weakened, and as a consequence your blood may become thin, pale, and watery, and you become feeble, cross, and irritable. In such a state you may not only suffer terrible tortures from a multitude of alarming symptoms, but in your greatly weakened condition you are an easy prey for the multitude of dangerous germs with which you must come in almost daily contact, and you may therefore easily contract some dangerous or even fatal disease.

In cases of nerve force exhaustion in which your nerve and brain cells are starving for want of a sufficient supply of nerve force or nervous fluid it is worse than foolish to waste your time taking mere stimulating medicines or narcotic drugs. Your nerve and brain cells must have nerve food or something to supply more nerve force the same as a starving person must have bread to build flesh and tissue. For centuries science has searched for a nerve food. At last a remarkable product was brought to the attention of the Paris Academy of Medicine by a celebrated French physician which contained the principal chemical constituent of active living nerve force in a form which most nearly resembles that in the brain and nerve cells of man. This remarkable product is today contained in Nuxated Iron so that you may now easily obtain what might almost be termed artificial nerve force simply by taking two tablets of Nuxated Iron three times a day after meals. Nuxated Iron also contains organic iron like the iron in your blood and like the iron in spinach, lentils and apples. Organic iron enriches the blood and plenty of rich red blood means more nerve force so that Nuxated Iron not only directly supplies the important chemical constituent of active living nerve force to the nerve and brain cells but it also stimulates the blood to manufacture a greatly increased supply of new nerve force. In fact, the manufacturers guarantee satisfactory results to every purchaser or they will refund your money. Nuxated Iron is for sale by all druggists.

ARM MEET MAY DELAY HANGINGS OF DOOMED MEN

President Asked to Postpone Executions—Young McHenry Is Granted New Stay.

Execution on the gallows of the District jail of John McHenry, twenty-four years old, has been postponed by Chief Justice McCoy in the District Supreme Court. McHenry had been sentenced to pay the death penalty on Friday, but Justice McCoy granted the stay of execution

because the mandate of the appellate court denying him a new trial has not yet reached the lower court.

McHenry shot and killed Detective Sergeant James Armstrong when the latter attempted to arrest him for the slaying of Wallace W. Mulcaire, on December 14, 1920. Justice McCoy set January 6 as the date for the hanging of McHenry.

It is not likely that McHenry or any of the other three condemned men at the jail will be executed at least during the conference for the limitation of arms.

Yesterday a delegation of men and women, opponents of capital punishment, conferred with President Harding making this request of him.

Efforts are to be made to have President Harding support a bill to be introduced in Congress within a few days, prohibiting executions in the District.

If Congress acts immediately on the bill, passing it, none of the four condemned men will be executed, they probably having their sentences commuted to life imprisonment.

Jap Propagandists Ask Navy Equal To America's

By International News Service.
TOKYO, Nov. 17.—Japanese naval writers today are demanding through the newspapers that Japan have a navy equal to that of the United States under the Hughes plan for a naval holiday.

All leading newspapers cordially welcomed the American proposal and predicted its adoption would mean the downfall of the great shipbuilding and steel trades.

CHINESE TRADE HEAD ADDRESSES D. C. ROTARIANS

Dr. Yui Declares U. S. and Orient Are Closely Related in Friendship.

Speaking before the Washington Rotary Club at the Willard Hotel yesterday, Dr. David Z. T. Yui, representing the United Chamber of Commerce of China and of the United Provincial educational association of China, discussed "Trade Relations and Opportunities With China."

"The outstanding feature of China's relation to the United States," Dr. Yui declared, "is the fact that we are united in our friendship for the United States."

Beverly J. Smith, chairman of the committee in charge of the Rotary kiddies' Christmas party at the Willard, December 21, outlined briefly the plans and named some of the selected Santa Clauses for the occasion.

The following members of the reindeer squad, to man the Rotarian Christmas sleighs were chosen: "Bill" Radcliffe, "Bill" Everett, "Bill" Eynon, "Bill" Georges, "Bill" Gottlieb, "Bill" Gude, "Bill" Ham, "Bill" McNally, "Bill" McReynolds, "Bill" Roberts, "Bill" Russell, "Bill" Shannon and "Bill" Wilkins.

Members of the club are "warming up" for the attendance contest between the Washington, Camden and Atlantic City Rotary Clubs during December and January. The two losing clubs will buy cigars for the winning organization.

Winter Wheat In Ohio.

COLUMBUS, Nov. 17.—Wheat has appeared above the ground, and its condition generally is good, says a report issued by C. J. West, Ohio's agricultural statistician. Statistician West said the quality of this year's corn crop is generally good, although a small percentage is "chaffy." Eastern sections reported some damage from worms.

PEGGY MARSH'S SPOUSE JAILED FOR ROUGHNESS

Woman Alleges Actress' Husband Slapped and Kicked Her on Shins.

NEW YORK, Nov. 17.—Barked shins and swollen face were entered as evidence by Miss Mary Daly in the West Side Court yesterday to support the charge of simple assault which she had entered against Albert L. Johnson, husband of Peggy Marsh, actress.

Miss Daly declared that late Monday night Albert Johnson and several friends invaded her apartment at the Great Northern Hotel.

"Peggy Marsh," testified Miss Daly, "jumped into my bed and crossing her legs, sang and smoked a cigarette, while Johnson fumed and swore. He tore out telephone wires, and acted very abusively. When I remonstrated with him, he slapped me in the face and then kicked me on the shins. As he left my place he picked up a two-pound box of candy and flung it out of the window."

Miss Daly later said that Johnson was annoyed at complaints that she had made about wild parties at early morning hours in his place.

Johnson denied her allegations, but on the advice of Assistant District Attorney Gibbs, was held in \$500 bail for examination next Friday.

Cub Bear Visits City.

TYRONE, Pa., Nov. 14.—A cub bear paid this town a short visit and then scampered to the woods again. No doubt it had been separated from the other members of the bear family and was chased into the borough.

Another Reduction in Goodrich Tire Prices

Including Silvertown Cords and Inner Tubes

On May 2, 1921, Goodrich tire prices were reduced 20 per cent. This reduction made at the very opening of the motoring season was received with great enthusiasm by automobile owners from coast to coast.

The B. F. Goodrich Rubber Company now announces *a further drastic reduction* in prices effective November 15.

32x4 Silvertown Cord costs today, at these new prices, \$32.40. The price of this tire last April was \$52.30. The saving is \$19.90.

30x3½ Safety Fabric now costs \$13.75. The price in April was \$20.00. The saving is \$6.25, or \$25.00 on a set of four tires.

Corresponding reductions apply on all other sizes and types of Goodrich Fabric Tires, Silvertown Cord and Inner Tubes as well as all types of motor truck tires.
